

Daragh Cogley

your go to person for sustainable business, marketing and innovation

Background:

Master of Sustainable Business & Innovation – Specialised in Impact & Marketing

Undergraduate degree in Business & Economics

Working as a Freelance Consultant for Sustainable Businesses

- Working for businesses looking to scale positive change
- Facilitating businesses' transition to sustainable business models
- Educate businesses on how to manage and measure their impact
- Accompany businesses on their road to B-Corp certification
- Facilitate the empowerment of non-profits to be economically sustainable

Professional and Personal Interests:

I am passionate about nature, about using business and economics as forces for good, about connecting with people, intersectionality of social and environmental issues and communication (public speaking, social media, [networking](#) and open conversations)
