Webinar 4 -

Getting inspired from examples

5 June

WORLD ENVIRONMENT DAY | 5 JUNE 2020

TIME FOR NATURE

[VIEW LIVE SCHEDULE](#)

The foods we eat, the air we breathe, the water we drink and the climate that makes our planet habitable all come from nature.

Yet, these are exceptional times in which nature is sending us a message:
To care for ourselves we must care for nature.

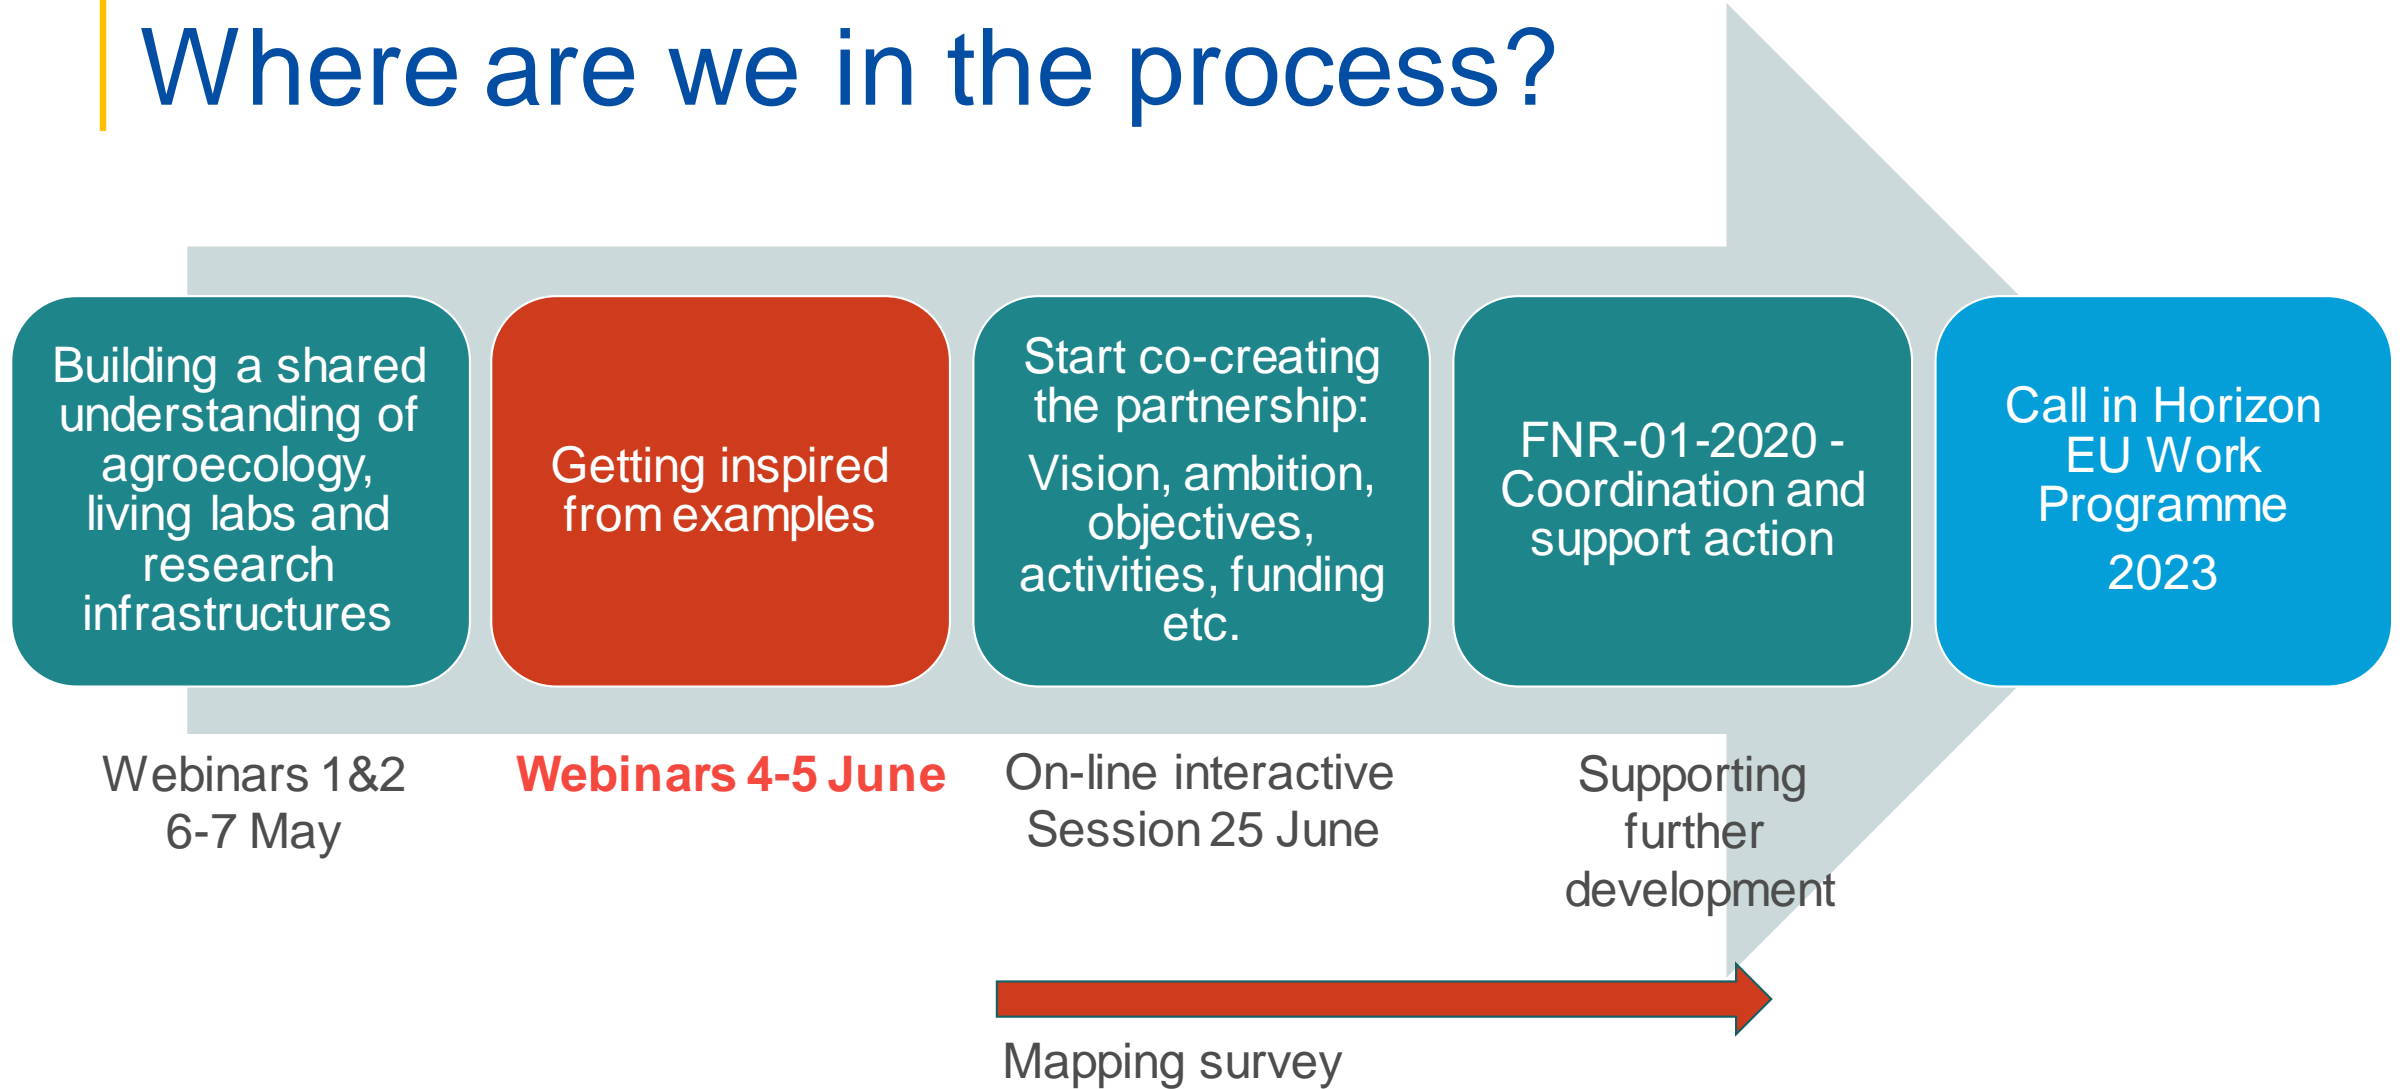

It's time to wake up. To take notice. To raise our voices.
It's time to build back better for People and Planet.

This World Environment Day, it's Time for Nature.

#FORNATURE

Where are we in the process?

Anything to share from yesterday?

What are your main insights from hearing these different stories today?

Which questions did they raise that you would like to share?

Stories

How do these examples echo with the more theoretical presentations from last webinars?

What do they tell us for our future partnership?
