

Milan Urban Food Policy Pact

Bruxelles, 13th October 2016

Growing responsibilities

Challenges

Opportunities

Growing awareness

The Idea

Complexity → Integrated solutions → Food System

The path towards the Milan Urban Food Policy Pact

An **operational tool** that enable Mayors to **act**

MILAN URBAN FOOD POLICY PACT

resilient, sustainable and equitable food systems

Mayors are driver of change

“[In the fight against hunger] we need all partners... most of all we need local communities.

Presidents, prime ministers and ministers they make good policies of the government but **it is mainly community leaders, mayors and governors who work and implement.**

They are the real ones who are working on the ground and I highly applaud at their strong commitment”.

Ban Ki Moon 16th Oct 2015 -Milan

The Good Practices

The approach of the MUFPP

Commit to

Provide Mayors with a vision

Provide society with a lever

Engage

Foster stakeholder engagement

Encourage city peer-to-peer exchange

Encourage inter-sectoral coordination

Co-produce

Create a sense of ownership

Respond real needs

Themes:

GOVERNANCE

- Facilitate policy alignment across sectors
- Enhance stakeholder participation
- Identify, map and evaluate local initiatives
- Develop or improve multisectoral information systems (accountability)

SUSTAINABLE DIETS AND NUTRITION

- Promote sustainable diets (healthy, safe, culturally appropriate, environmentally friendly and rights-based),
- Address non-communicable diseases associated with poor diets and obesity
- Develop dietary guidelines
- Explore regulatory and voluntary instruments involving public and private companies

SOCIAL AND ECONOMIC EQUITY

- Reorient school feeding programmes (public procurement)
- Encourage and support social and solidarity economy activities (facilitate access to healthy food in marginalized areas)
- Promote networks and support grass roots activities (community gardens, community kitchens)

FOOD PRODUCTION

- Promote and strengthen urban and peri-urban food production and processing
- Seek coherence between the city and nearby rural food production
- Help provide services to food producers in and around cities
- Support short supply chain

FOOD SUPPLY AND DISTRIBUTION

- Assess the flows of food to and through cities
- Improve and expand support for infrastructure related to market systems
- Acknowledge the informal sector's contribution to urban food systems

PREVENTION AND MANAGEMENT OF FOOD WASTE

- Convene food system actors to assess and monitor food loss and waste reduction
- Raise awareness of food loss and waste
- Collaborate with the private sector along with research, educational and community based organisations
- Save food by facilitating recovery and redistribution for human consumption of safe and nutritious foods

The Award

Fostering Mayor's action and exchange between signatory cities

- 2 Monetary prizes: the winning city receive funding for technical transfer of the good practice
- 6 Mention awards

Award @ Annual Gathering Rome 14/10/2016

The Monitoring Framework

Aim:

- Create a monitoring framework which intersects the formal PA monitoring mechanism
- Information system to support decision making process and trigger new political investments on food projects/programmes.

3 core principles:

- 1) **Capacity building** Each focal point together with his/her city Management Control System team and technical support by FAO
- 2) **Sustainability of the data collection** mechanism that might turn into a formal yearly-based routine
- 3) **Measurability** (accountability)

Outcome: To monitor the progresses made by cities in the implementation of the MUFPP; Cities commit to measurable targets connected to the MUFPP on a voluntary basis.

Output: MUFPP Indicators; MUFPP targets

Timeframe: March 2016 – October 2017
