These objects represent an applicant or, as in this case, two applicants from the same NUTS 2 region. The colour coding is by Main commitment/challenge, as per the legend below

The full and updated dataset is available for download here

When you mouse over the objects (or click on them with your tablet or phone), then the details of the applicant appear in an overlay window (tooltip)

The colums displayed in the table is only a partial representation of the available data. Use the "Download data" button above to retrieve the full dataset

The stakeholders displayed in the map have agreed to share their contact details for the purpose of matchmaking in the framework of the call for expression of interest to become a Regional Innovation Valley. Displayed data, including the area of expertise, is based on self-declarations. The screening of received application is ongoing. Our Secretariat will contact the applicants where crucial aspects need to be clarified before ongoing online. If you submitted your interest and you represent a regional/national authority, managing authority, regional innovation agency, or any other authority entrusted with a public service mission, and you do not see your application displayed, please contact RTD-REGIO-REGIONAL-INNOVATION-VALLEYS@ec.europa.eu. - *RIS: Regional Innovation Scoreboard – Source: JRC-TEDAM based on RTD-REGIO RIV Survey.
