JYK / 25 July 2021

The European Commission launched the 9th Research and Innovation Framework Programme, Horizon Europe, the EU's key funding programme for research and innovation, with a budget of 95,5 billion euros until 2027. In June 2021, the 1st Work Programme (WP) was unveiled to tackle global challenges such as climate change and infectious diseases and help achieve the UN's Sustainable Development Goals for encouraging the EU's competitiveness and growth.
